Contents Volume 124, 1996

Research Papers

Major episodes of Quaternary activity in the lower Neales River, northwest of Lake Eyre, central Australia
J. Croke, J. Magee and D. Price 1

Automated biostratigraphic correlation of playnological records on the basis of shapes of pollen curves and evaluation of next-best solutions
B. Pels, J.J. Keizer and R. Young 17

Are peleoclimate estimates biased by foliar physiognomic responses to increased atmospheric CO_2?
K.M. Gregory 39

Modern pollen spectra from Costa Rica
J.C. Rodgers III and S.P. Horn 53

The evolution of Ace Lake, Antarctica, determined from sedimentary diatom assemblages
S.P. Fulford-Smith and E.L. Sikes 73

Toxic dinoflagellate "blooms" in the Kattegat, North Sea, during the Holocene
A. Fjellså and K. Nordberg 87

Integrated taphonomy of an avian death assemblage in marine sediments from the late Pilocene of Florida
S.D. Emslie, W.D. Allmon, F.J. Rich, J.H. Wrenn and S.D de France 107

Trace fossils and the aftermath of the Permo-Triassic mass extinction: evidence from northern Italy
R.J. Twitchett and P.B. Wignall 137

Historical biogeography of the cicadas of Wallacea, New Guinea and the West Pacific, a geotectonic explanation
A.J. de Boer and J.P. Duffels 153

Late Quaternary paleohydrology in the North American Great Plains inferred from the geochemistry of endogenic carbonate and fossil ostracodes from Devils Lake, North Dakota, USA
B.J. Haskell, D.R. Engstrom and S.C. Fritz 179

The application of size-frequency distribution and energy flow in paleoecologic analysis: An example using parautochthonous death assemblages from a variable salinity bay
E.N. Powell and R.J. Stanton, Jr 195

Stable carbon and oxygen isotopes of pedogenic carbonates, Ajo Mountains, southern Arizona: implications for paleoenvironmental change
B. Liu, F.M. Phillips and A.R. Campbell 233

The role of sea-surface temperature as a control on carbonate platform development in the western Coral Sea
A.R. Isern, J.A. McKenzie and D.A. Feary 247

A palaeoenvironmental and palaeoecological analysis of fine-grained Paleogene estuarine deposits of North Germany
H.G. Dill, A. Kōthe, F. Gramann and R. Botz 273
